## Continuing the St Peter's tradition

St Peter's School was founded by the forward-thinking Arthur Francis Broadhurst in 1936, and we continue to write our history every day.

Broadhurst's vision was to establish a preparatory school for boys in a unique environment – an environment which he found in the rural surroundings of Cambridge, New Zealand.

Since the school's beginnings with 36 boy boarders in 1936, St Peter's has grown to a roll of nearly 1,200 day and boarding students, boys and girls, in Years 7 to 13.

**The expansion of both the school roll and our extensive facilities has been made possible by the on-going generosity of parents, alumni and supporters of the school.**

## Chairman's Message

Back in 2000 the St Peter's School Trust Board had the foresight to form a school foundation and invited me and interested supporters to assist. The Foundation was established to create a capital sum that could assist to ensure St Peter's would always have the ability to remain an independent school.

Over the years we have built a sizeable capital sum and, as our aims state, assisted the school with the income it produces. We have also been involved in raising funds for capital projects like the new swimming pool.

The reason I agreed to come on to the Foundation, and have remained on it since, is that I believe the

school offers outstanding opportunities for the all-round education of those who attend. The school was founded in 1936 thanks to the generosity of Arthur Broadhurst and continued to grow because of the generosity of those who have followed. The Foundation is a way for anyone who is able to donate to help ensure that growth and tradition remain. I would urge you to consider joining and assisting us.

# The Foundation

The St Peter's School Foundation was established in 2000 and is a Registered Charitable Trust with the aim of providing opportunities for people to support St Peter's through donations, sponsorships, bequests and other forms of planned gifts. As a charitable trust, donations to the Foundation qualify for a charitable gift taxation rebate.

The Foundation exists as a separate entity with its own board and with its own chairman, but is subject to the over-riding veto of the Trust Board of St Peter's School.

## The Foundation's objectives

The Foundation exists to ensure that St Peter's will always remain an independent school to support and enhance the advancement of education at St Peter's.

The Foundation aims to further develop and strengthen the school's position as an educational leader and enhance the school's programmes and facilities in the academic, arts, cultural and sporting fields.

In order to achieve these objectives, the Foundation may allocate funds to:

- The employment of teachers and other staff.
- Educational research projects, scholarships, bursaries, endowments, educational allowances and visits from academic specialists.
- The acquisition by the school of educational resources and equipment of all kinds.
- The development of new teaching methods and the cultural environment of the school.
- Land or facilities.
- The acquisition, construction or maintenance of buildings used or to be used by the school.
- Building a capital fund to future-proof St Peter's continued independence.

*Vallentine Prep Block was built as a result of a generous bequest from Mr Richard Vallentine, Broadhurst Old Boy.*
